

At Bethlehem Children's School we begin our day with a group morning meeting that includes song and ritual.

Afterwards, students participate in a creative music class with instruments, voice, and movement. No matter the weather, students spend time outside in nature and on our outdoor play structure, as well as more structured physical education. Art classes are designed to foster creativity and teach different art styles using mixed media. Each day ends with yoga and time for introspection and reflection.

Outdoor Physical Education

Who We Are

About Us

Bethlehem Children's School offers a multi-age experiential education for the whole child, emphasizing nature, wisdom, and wellness. Our vision is to inspire a lifelong love of learning, while developing a deep connection to self, others, and the world. We serve children ages 2.5 through 5th grade.

Our Campus

Bethlehem Children's School is situated on 4 beautiful acres in the heart of the Town of Bethlehem. We have a network of trails, a beehive, gardens, and a greenhouse, all used to give our students hands-on, experiential education.

6/7/18

Fortify your homeschool curriculum with a day of activities for your child each week.

“This is just the program I’ve been searching for. My child has time to interact with peers and meet curriculum requirements, while I get a day to myself. It’s a win-win-win.”

YOUR CHILD WILL RECEIVE

- NYS required hours for PE, art, and music
- Social experiences with peers
- Group problem-solving and teamwork
- Opportunities for field trips and events
- Friendship and cooperation with creative and fun teachers!

\$725 FOR 1 SESSION
\$1400 FOR 2 SESSIONS

YOU WILL RECEIVE

- A report of curriculum hours and subjects covered
- Peace of mind that requirements are complete so you can concentrate on your core curriculum
- A day to yourself to relax or catch up
- A community of like-minded students and parents

NATURE. 
WISDOM.
WELLNESS.
